STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Haverhill in the county of Grafton qualified to vote in the town affairs:

You are hereby notified to meet at the town hall in said town on Tuesday the 14th day of March, 1939, at ten o'clock in the forenoon to act on the following matters:

Article 1 To choose a town clerk.

Article 2 To hear the reports of the selectmen, treasurer, cemetery commissioners and any other town officers heretofore chosen, and to pass any vote relating thereto.

Article 3 To choose one selectman for the term of one year, one selectman for the term of three years, a town treasurer, one or more highway agents, one or more auditors, one library trustee for the term of three years, one cemetery commissioner for the term of five years, one trustee of trust funds for the term of three years, and all other necessary town officers.

Article 4 To see if the town will vote to make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the town, as recommended by the finance committee in its budget report, to raise and appropriate all sums so determined for the purposes so determined, and to pass any other vote relating thereto.

Article 5 To see if the town will vote to authorize the selectmen to issue interest bearing orders or notes to provide for the current year's expenses in anticipation of taxes.

Article 6 To see if the town will vote to authorize the selectmen to distribute the inventory blanks by mail or at the time they examine the taxable property.

Article 7 To see if the town will vote to authorize the selectmen to administer or dispose of any real

estate acquired by the town through tax collector's deeds.

Article 8 To see if the town will vote to apply all money received from the sales of deeded property to the reduction of the temporary indebtedness of the town.

Article 9 To see if the town will vote to appoint a budget committee to supervise the appropriations of the town and to recommend to the next annual meeting the amounts to be raised for various purposes, such recommendations to be printed in the next annual report.

Article 10 To see if the town will vote to grant permits to druggists for the sale of liquor in this town for medicinal, scientific and mechanical purposes, under the provisions of chapter 144 of the Public Laws.

Article 11 To transact any other business proper to come before said meeting.

Given under our hands and seal this 20th day of February, 1939.

ERNEST E. CRAIG,
WESLEY G. WHITE,
Selectmen of Haverhill

REPORT OF SELECTMEN

To the taxpayers and citizens of Haverhill:

We herewith submit our report for the year ending January 31, 1939. On the following pages will be found a detailed statement.

FINANCIAL

Last year we closed our books with a reduction in our net debt of \$6,699.52 but this year due to the overdraft on Highways and Relief the books show an increase of our net debt in the amount of \$2,548.27.

POLICE

We believe the Police Department has been very successfully handled during the past year and kept practically within the appropriation.

DEEDED PROPERTY

There has been considerable work done on this part of our work this year with the result that instead of property to the assessed valuation of \$41,250. being deeded to the town there was only \$12,900. deeded this year. As a result the town now has deeds to property of assessed valuation of \$46,927. against \$79,200. showing a reduction in this item of \$32,573.

HIGHWAYS

For the first time in several years the highway appropriation has been exceeded due to the hurricane of September 21st. There has been expended on highways this year \$7,933.38. In addition to this amount Woodsville Fire District was paid as their percentage of this overdraft \$2,100.94.

TAXES BOUGHT BY TOWN

Regarding real estate bought by the town for non-payment of taxes. Five years ago we decided that it would be an inducement to the property owners, in arrears on payment of their taxes to abate a portion of their unpaid tax to equal what would be a substantial reduction in interest charges. We have no right under the state laws to charge any other rate of interest than ten percent, but we do have the right to abate any proportion of the tax which we see fit. This has not worked out satisfactorily. It appears that many people are purposely leaving their taxes unpaid to the time of the property becoming deeded, because of the fact that our abatement plan is not an inducement for them to pay their tax, but rather it gives them the same rate of interest as they can obtain at the bank, and as many of these property holders have used up their borrowing

credit at the banks they are now, in a way, borrowing money from the town.

The town is acquiring more and more property through this procedure each year and we feel obliged to increase the penalty through less abatement of taxes which will make a higher rate of interest, in order to reduce the amount now being carried by the town, in the account of taxes bought by town.

ERNEST E. CRAIG,
WESLEY G. WHITE,
Selectmen of Haverhill

-------------------	-------------

The amount to be raised is a little less than last year but due to losses by the Hurricane the valuation of the Town will probably be reduced \$175,000.00 which will increase the average rate somewhat over last year's rate of 3.25.

Town Maintenance funds were divided as follows 48 percent to Woodsville and 52 percent to the Town. As the above mentioned loss occurred outside Woodsville the valuation will drop on the Town end and will increase the advantage to Woodsville in the distribution of maintenance funds to an estimated 50 percent at least.

The Net Temporary indebtedness of the town increased to \$37,325.31. Taxes due the Town amount to \$33,305.21 which explains the item of \$4,000.00 marked "Deficit" in the Budget. A new item appears this year, Old Age Assistance for which we have allowed \$1,000.00 with doubts that it will be sufficient. The County Tax will be increased by at least \$2,000.00.

Directly and indirectly over \$40,000 was expended on Relief in the Town of Haverhill last year. Only a few years ago no such item appeared and it is this expense that is keeping our taxes high. There will be no reimbursement from the State this year as against \$1,253.00 received in 1938.

We have been assured that a big effort will be made this year to reduce these expenses.

Last year we recommended that back taxes be abated to equal 7 percent instead of 6 percent to aid in cleaning up the large amount of taxes owed the Town. We make the same recommendation this year.

Respectfully submitted,

H. B. KNIGHT,

F. R. DEAN,

As in the past the usual work and activities of the schools are being carried on. I am glad to report that there seems to be a growing interest in the home economics courses. This work is of such a practical nature it will prove valuable to any girl who participates in it. The usefulness of the high school could be broadened by the addition of more courses of a vocational type to supplement the work in commerce now provided. Of last year's graduates nineteen have gone away to other institutions for further training while eighteen have secured employment or remained at home. I am raising the question as to whether or not we are doing all that we can for the fifty per cent of those graduating, and the others staying only a part of the four years, who are not going to attend college or other higher institutions.

Thanks to the cooperation of the physicians and the dentists, tonsil and dental clinics have been held. This winter a group of fifty-four children is enjoying

milk provided by the Progressive club, who in turn are assisted by the Methodist Girls' Club, Railroad Conductors, Grange, I. O. O. F., Moosehillock Lodge, Rotary Club, Lions Club, Rebekahs, Legion Auxiliary, White Mountain Lodge B. R. R. T., Catholic Woman's Club, Pythian Sisters, D. A. R., Auxiliary B. of L. F. & E., and Leagaide.

As an expression of appreciation I want to thank those friends who have just provided the jackets for the girls of the basket-ball team.

Because of painting last summer the two buildings are in better condition than they have been for some time. There is a need for steel ceilings in the sixth and eighth grade rooms. As a matter of safety and much greater efficiency I would like to recommend the installation of a gas system in the laboratory. The hurricane made it necessary to repair and do over the roof on the Graded Building. Fortunately the damage to the High School was not great, but there is need for renewing the tar and gravel coating on that roof.

EDWARD A. JANES

REPORT OF THE HEADMASTER

To the Superintendent of Schools:

I offer herewith my twenty-first annual report of the Woodsville High School, for the year ending January 31, 1939.

There have been registered this year one hundred thirty-seven pupils, sixty-six boys and seventy-one girls. These are classified as twenty-five seniors, thirty-two juniors, thirty-seven second year, and forty-three first year; there are forty-five tuition pupils, thirty-two from two districts in Vermont, and thirteen from four districts in New Hampshire.

For many years registration and assignment of studies have been done during the week previous to the opening of the fall term, thereby saving at least one full day for class work and instruction.

The present number in school is three more than a year ago; five pupils to date have dropped out. The fact of smaller numbers in the elementary grades, occasioned by railroad depression and removals from town some years ago, is now having effect on high school attendance.

The forty-second graduation took place in the new Community Hall last June. There were thirty-seven in the class: Charles J. Bagley, Elsie J. Bailey, Esther I. Ball, Francese E. Blair, Marjorie O. Brill, Cora A. Bullard, George F. Burgess, Addie M. Carpenter, Corrine R. Chiaradia, Barbara L. Church, Raymond A. Clough, Audrey M. Dearborn, Remo J. Gandin, Leo T. Gove, Carroll T. Hastings, Lucille A. Homans, Allyn W. Janes, Ethel L. Lord, Walter H. Lord, Jr., Elizabeth McGaw, Alice B. Moran, Catherine A. Moran, George W. Phetplace, Audrey R. Prescott, Irene E. Rosa, Rosa C. Rosa, Dorothy E. Sheldon, Ruth M. Spinney, Irene E. Stimson, Mary H. Sweeney, Margaret I. Turner, Margaret C. Wakefield, Margaret A. Wallace, Dorothy V. Weden, Donald B. Wheeler, Charles A. Wood, and Douglas L. Wood.

First place in this class was taken by Dorothy Weden; Elizabeth McGaw stood second, and Allyn Janes third. The Alumni Attainment award was given to Remo Gandin, presentation being made by Dr. L. C. Christopher, '28. The Perley N. Klark music award was divided between Ethel Lord and Dorothy Sheldon, presentation being made by Larkin Hosford. The Quill and Scroll award for high quality of literary composition was given to Elizabeth McGaw, presentation being made by Mildred Carpenter, '32. The local Legion post offered two cups for excellence in athletic performance, and these were given to Addie Carpenter and

to Charles Bagley, presentation being made by Norman McMeekin, '10.

Baccalaureate service was conducted on Sunday evening preceding graduation. The address was given by Rev. Fr. F. I. Gaumont of the local church. At class day the graduates presented to the school a framed picture of the Colosseum. The reception closing the year was a colorful occasion.

The generous space in the new hall allowed larger attendance than usual at all these exercises of commencement week, and added to the enjoyment of each event.

Attention is called to the noteworthy list of seventy recent graduates who are this year in higher schools. There are seventeen attending the University of New Hampshire and nine at the University of Vermont. Few communities of our size supply as many.

A long-cherished project was completed last spring in the publishing of a mimeographed Handbook. All the work of composition and production of the forty pages was done within the school. This small book offers a concise account of activities, with requirements for entrance and for graduation. It will serve as an introduction to the prospective pupil, and as a liaison between school and home. A copy was distributed for the use of each family connected with the school.

Also, there has been composed a catalog of all pupils who have been registered since August 1896, with data concerning residence, period in school, graduation, higher education, and occupation. In the course of years this catalog will be an important record. To date there have been fifteen hundred eighty-six entrants, and of these seven hundred fifty-seven have received diplomas. Several hundreds more have moved from town and have graduated from other schools.

The normally expected activities have continued—band, orchestra, lyceum, athletic teams, winter sports,

public speaking for juniors, assembly programs, patriotic essay, junior promenade, special days celebrated, and some student assistance financed by N. Y. A. funds.

Tardiness is very rare, and then for some cause beyond control; courtesy is characteristic of the student body, and there have been numerous talks on public manners and private conduct.

Class visits to local stores and industries have been made whenever the trip seemed worth the probable results. Also studies in presence have been made of the election polling place, of the town meeting, and of a session of the superior court.

The course in economics has been reduced to half a year, and the rest of the time has been given to sociology; this brings pupils into formal contact with numerous questions of the day.

Our time balance seems to be quite light in regard to music and art. It was unfortunate to discard chorus singing some years ago, and a feeble attempt has been made to introduce some classic songs to a group of pupils who enjoy singing; also, many young folks are happily surprised to find that they have latent ability in art and in music when drawn out by skillful instruction.

One need ought to be supplied, and that is a projector for talking films. This mode of learning is everywhere in vogue and promises to become even more effective. A few hundred dollars would supply equipment; and the use of a great variety of films can be obtained at very small cost.

An attractive project by the class in geology has been the building up of a topographic model of a large section of our environs, based upon the maps furnished by the federal survey. This model evoked much favorable comment from all who saw it.

Safety instruction has become almost as much of a necessity as are the three R's in any plan of education

in this country. Considerable attention has been given to phases of safe procedure at home, on the road, with fire and poisons, regarding insects, water sports, and varied other aspects of safe living. Also, there have been emphasized the responsibilities of teachers and pupils in regard to accidents that may occur in the schoolhouse.

During the winter term there came a fine opportunity at small expense to introduce classes in simple dancing as a means of social grace, and two groups of fifty pupils each meet once a week. Mrs. Mary Doyle of St. Johnsbury gives the lessons.

The local Rotary club has inaugurated inviting each senior boy to attend a few successive meetings, so that the club members and the young men may become better acquainted. The local D. A. R. has sent a senior girl on the annual pilgrimage to the state capital. Such interest on the part of older citizens helps to dignify the influence of the school.

The annual three numbers of *The Cycle* are appearing in mimeographed form, for it has been increasingly difficult to raise the money necessary for a printed paper. A diligent staff and overseer have produced a superior magazine, as may be realized by anyone noting the contents and appearance of any issue.

The school nurse has conferred with each pupil and has recorded certain data; a local physician advised concerning the fitness of players to engage in strenuous games; the school board has visited classes and building; and the state agent has inspected, as is the annual custom. Findings of these visitations are embodied in reports available at request.

The hurricane of September 1938 blew all the ivy from the schoolhouse walls; the grading for the new hall and approaches thereto has materially altered the appearance of the school grounds. The present aspect is dreary enough. Now is the opportunity to plan for a bit of landscaping that will make this spot in town an

attractive center, and which will be an object lesson in neatness to all pupils for years to come.

It is natural that a report of this kind would emphasize the good features of the institution. We are well aware of deficiencies, and that improvement is always possible, and that we must be ever alert not to let down attainment once reached. The able fireman keeps the steam pressure up to the notch.

Respectfully submitted,

G. H. McGAW, Headmaster

WILLIAM J. CLOUGH,
School Board

REPORT OF THE SCHOOL BOARD OF HAVERHILL

We, the undersigned members of the Haverhill School Board, beg to submit the following report:

HAVERHILL ACADEMY: During the summer vacation the ceilings of the large recitation room and of the science laboratory room were painted, also two extra light fixtures wired in each of those rooms. The walls in the halls were painted and all the woodwork including the stair-rails re-varnished. The walls, ceiling and cupboards in the little office off the assembly room were also painted and varnished. All this considerable re-decoration has greatly enhanced the appearance of the interior of the building. Hot water pipes to the lavatories in the two basements and in the science laboratory were installed — a much needed convenience.

The Board was confronted with the necessity of having the roof re-shingled. In the hope of putting it off for another year, it was decided to just patch up the leaky spots. However hardly had that work been accomplished when the hurricane in September raised great havoc with the roof, with the result that the entire roof had to be re-shingled, entailing an outlay of nearly \$700.

PEARSON HALL: The chimneys on that building were damaged by the hurricane and, therefore, had to be repaired.

NORTH HAVERHILL SCHOOL: Here the hurricane damaged the roof and as a consequence many of the slates had to be replaced. Practically all the trees on the school grounds were blown down, and we had them worked up for fuel.

PIKE SCHOOL: A partition was built to separate the boiler and fuel room from a play-room for the pupils in inclement weather, also to enable those who bring their lunch to eat same in that room and for which purpose four strong benches have been provided for comfort. A commodious cupboard was also built in the basement to house paper towels and janitors' supplies.

Through kindness of Pike Station Grange the school was recipient of four very fine teeter-boards for the playground.

At the Talbirt place, occupied by Mr. and Mrs. Jas. Barber, the walls of some of the rooms were re-papered.

The Board decided to close the school at No. 6 district and the pupils are being transported to the East Haverhill and Pike schools, thus saving the salary of a teacher.

Attention is called to the annual reports by the Superintendent, Mr. E. A. Janes, and by the Headmaster of Haverhill Academy, Mr. F. H. Jenkins.

Attention of the tax payers and voters of the district is especially drawn to the budget covering the proposed expenditures for the year from July 1, 1939 to June 30, 1940. The budget has been prepared with great care and a desire of strict economy and calls for about \$600. less than the previous year.

The retiring member of the Board is Mr. Emile Blank of Pike.

Respectfully submitted,
 EMILE BLANK,
 Wm. H. SLIGHT,
 Wm. J. CLOUGH,
 School Board.

During the past year a number of improvements and repairs have been made in some of the buildings. The project of equipping the Pike School with new desks has been completed. The halls and some of the classrooms in Haverhill Academy have been repainted and hot water piped from the boiler to the laboratory and the basement lavatories. Because of the damage done by the hurricane it was necessary to reshingle the roof of the Academy. In as much as the old shingles were worn out, this job would have had to have been done in a few months anyhow.

As a matter of further improvement I would like to recommend another chemistry table for the laboratory and the installation of a gas system in the same room. The equipment would not be costly nor the operation expensive, while on the other hand gas fixtures would prove to be much more efficient and safe. Two other things it would be well to consider. The first is a fence at Pike to keep the children from running into the state road; the second, stokers for the furnaces in the Academy. With stokers both buildings at the Corner could be kept warmer through the night and then brought up to a suitable temperature more quickly in the morning.

Our present curriculum offers academic courses of a cultural and college preparatory type. It also provides training in home making and business practices. It may be there should be given work in mechanic arts or agriculture for those boys who desire to secure employment immediately upon graduation rather than go on to other institutions.

I wish to call to your attention the very helpful service rendered by the public library to the pupils of Haverhill Academy. The number of books available enables pupils to meet state requirements in reading while the actual using of a library is a valuable training in itself.

Respectfully submitted,

EDWARD A. JANES

REPORT OF HEADMASTER

To the Superintendent of Schools:

I submit herewith my fifteenth annual report of Haverhill Academy and High School for the year ending January 31, 1939.

There have been enrolled to date 106 pupils of which number 10 are tuition pupils. Six have withdrawn leaving the present enrollment 100.

	Boys	Girls	Total
Seniors	9	11	20
Juniors	16	11	27
Sophomores	15	11	26
Freshmen	16	17	33
	<hr/> 56	<hr/> 50	<hr/> 106

There were 28 graduates in the class of '38 last June as follows: Natalie Aldrich, Eloise Arnold, Caroline Batchelder, Edith Bigelow, Madelene Blake, Tracy Breed, Loree Cassady, Betty Clough, Harold Clough, Eunice Cox, Evelyn Cross, Gale Delaney, Dorothy Dyke, Paul Elms, William Fortier, Mildred Hill, Winnifred Knapp, Leland Lavoie, Rita Morrill, Bernice Pike, Ona Robinson, Ralph Rogers, Carolyn Sawyer, Mary Sawyer, Emma Spooner, Rena Thompson, June True, Ruth Young.

The first four honor ranks, as determined by school marks, were won by Loree Cassady, Emma Spooner, Eunice Cox and Madelene Blake respectively. Loree Cassady won the "John Dexter Locke Latin Prize" and Tracy Breed won the Scholarship, Loyalty and Achievement Medal. Nine of the 28 graduates are attending post-secondary institutions and training schools. Official reports from these institutions show high scholastic ratings on the part of those attending.

No change has been made in the program of studies. Copies of the complete program may be obtained at any time from the headmaster's office.

Extra-curricula activities have been continued as in the past and broadened in their scope to include an increasing number of pupils. National holidays have been observed with appropriate exercises; the combined glee clubs presented another fine cantata at the annual Christmas party; the senior class presented a three-act play in the spring and the orchestra continues to furnish music at school functions. The athletic teams have been unusually successful in inter-school

competition. The baseball team won nine out of ten games last spring, and in the current basketball season the boys have won seven out of eleven to date. The present girls' basketball team has won all its games to date practically clinching the league championship. The athletic teams joined the Ammonoosuc Valley League at the beginning of the current year in order to gain the recognized benefits of league affiliation such as: increased interest both on the part of the school and townspeople, a greater degree of uniformity in officiating, a simplicity of schedule making, and a recognition of the school's activities through the sports columns of the state and local newspapers.

The practice begun last year and continued this year of having the basketball teams transported by bus instead of private cars has added much to the safety of those transported. It has distributed the burden more evenly, in as much as all members now pay a uniform transportation fee and has made it possible for the entire squads to attend out of town games.

Considerable redecorating has been done in the Academy building; additional lighting fixtures have been installed; hot water has been piped to the science laboratory and to the wash rooms in the basements, and new book shelves and magazine racks have been added.

The scholastic standing of the school remains on a high level as is indicated by the reports of graduates in post-secondary institutions as mentioned above, in the standard tests administered by the state department, and in the results of the Annual Scholarship Day held in the spring. Two of the three teams sent to Plymouth last May to compete in state-wide competition won two second places while the third stood sixth.

The willingness of all to cooperate and participate in the school's activities is deeply appreciated and gratefully acknowledged.

Respectfully submitted,

FRIEND H. JENKINS, Headmaster

Vital Statistics

To the Selectmen of Haverhill: In compliance with an act of the Legislature passed June session 1877 requiring "clerks of towns and cities to furnish a transcript of births, marriages, and deaths to the municipal officers for publication in the annual reports," I submit the following Vital Statistics.

I hereby certify that the following return is correct according to the best of my knowledge and belief.

FRANK N. KEYSER, Deputy Town Clerk
